

AMICUS STRINGS

ADELAIDE WEDDING & EVENT
STRING QUARTET

Below is our fuller repertoire list. There are three main headings; classical, jazz and modern covers. It is by no means exhaustive of what we can play but is merely indicative of what we currently have in our library. If there is a piece of music you would like that is not listed below, please let us know and we can discuss how best to play it for you.

Some of the modern covers pieces may need to be arranged for quartet. If so, we will require advance notice and an arranging fee may be payable.

This list is updated from time to time as new pieces are added, or arranged.

JAZZ AND STANDARDS

Please note the pieces or songs are catalogued by the composer, NOT the name of the singer or the band. This is because more than one singer may have sung the same song.

The list below indicates what we currently have in our library. The jazz pieces that have been arranged for quartet are marked with an **asterisk* and in bold**. The ones that are not marked means we have the sheet music for the piece, but it has not been arranged. More often than not, jazz music needs to be arranged because the commercially published sheet music does not translate well for quartet. There is a fee for arranging because it takes hours to create a score that resembles what you are used to hearing. The exact cost varies but starts from \$50 for a short, simple piece.

If there is a piece that you would like to have played that isn't on our list, or that hasn't been arranged, please let us know.

The pieces listed below may not be suitable for a trio. Please contact us to discuss your requirements.

The list gets updated from time to time as new pieces are added, or arranged.
